

24/09/2014

To whom it may concern,

All water meters sealed in TEKSAN company are tested according to the EN 14154\_1 / 9.2 Initial verification.

EN 14154\_1 / 9.2 Initial verification includes two tests:

1. Static pressure test
2. Error measurements at Q1 ,Q2,Q3 flow rates.

Best regards,
